Arma Version: 1.14
Difficult: Thats by you :)
Cutscenes: Intro
Playtime: Till 10 minutes
Needed Addons: None
Website: [Assault Mission Studio](http://www.Assaultmissionstudio.de)

Background:

Background of this mission is the from campaign know mission, where you have to destroy the bridge in Dolores. Our objective is to fly out some comrades, which are encased in Doloris. Of course it isnt so easy.

The SLA got the city under his control and Anti-Air-Defense detains you to fly direct into the city. So you have to fly in a low level above the riverbed and evacuate your comrades under gunfire and pressure of time.

**Credits:**

Special Thanks to Onkel Bo and Imutep for her scripting help and to the Betatesters: Da Real and Imutep.
